

HEAD SIZE: **98** sq in - 632 sq cm

WEIGHT: 11.1 oz / 315 g (strung)

BALANCE: 4 pts HL / 327 mm (strung)

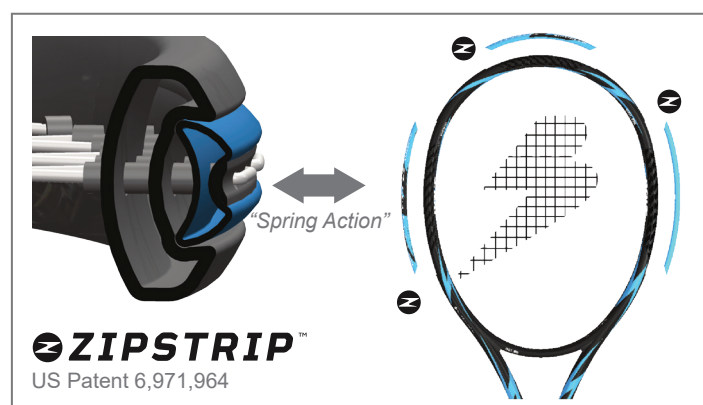

STRINGS: 16 X 19

LENGTH: 27 in / 68.6 cm

BEAM SIZE: 22 - 23.5 mm

STIFFNESS: 68

BOLT has revolutionized the racquet by shifting energy absorption away from the frame and into a patented design called a *Zipstrip*. A *Zipstrip* is a spring-like string support that absorbs ball impact energy. The *strip* flexes instead of the frame to control ball rebound speed, enabling the frame to be made stiff for optimum precision and control - at any level of power.

MASSIVE SPIN AND BIG POWER COMBINE WITH EXCEPTIONAL FEEL IN THIS TOUCH-PROFILE FRAME FOR INTERMEDIATE TO ADVANCED AGGRESSIVE BASELINERS.
